4SO[®]

4 SEASONS OUTDOOR

A modern outdoor furniture set is arranged on a light-colored stone patio. The set includes a round table and six chairs with woven backs and light-colored cushions. A vase with dried flowers and a bowl of fruit are on the table. In the background, there is a swimming pool, manicured hedges, and trees with autumn foliage.

Collection of 2025

Discover the world of 4 Seasons Outdoor furniture. We started with great a passion for designing garden furniture and a love for high-quality materials. This has led to a broader and more versatile range of products than ever before.

Get to know the latest design, find beautiful weather-resistant materials that complement each other and be surprised by great seating comfort. We tend to inspire you for decorating your home, garden or patio using the World's finest garden furniture.

Browsing through this brochure you will find outstanding furniture for dining, lounging, low dining and many more pieces of furniture to enjoy. We are proud to present to you our stunning collection for 2025.

TABLE SHAPES

MUCH MORE THAN A RECTANGLE

The world of garden furniture has evolved, and so have table designs. Gone are the days when rectangular table tops were your only choice. Our collection now features a variety of shapes, including elegant ellipses, inviting round tops, striking barrel designs, and even the unique organic pebble shape.

Each table is thoughtfully crafted to blend style with functionality. Choose from premium materials like durable teak, sleek HPL, or modern ceramic, each bringing its own charm and resilience to your garden. With so many options, finding the table that fits your style has never been easier.

NATURAL TEAK

NATURE'S GOLDEN GRAIN

High-quality teak is a top choice for our garden furniture due to its natural beauty and durability. Its rich, golden tones and natural oils make it resistant to moisture and UV rays, allowing it to thrive outdoors.

Over time, teak will develop a silver-gray patina, but our 4SO maintenance products help keep it in top condition. These treatments clean the wood, protect it against stains, and restore its colour if it has started to grey.

Regular maintenance not only enhances the beauty but also extends the life of your teak furniture. With proper care, it remains a lasting feature in your outdoor space, providing style and comfort for years to come.

FREE FLOWING CERAMIC

THE HARDEST MATERIAL IN THE WORLD AFTER DIAMOND

A number of popular tables at the moment are equipped with a ceramic tabletop. At first ceramics were more often thought of as (floor) tiles, kitchen tops and even pots or vases, but in furniture, ceramic tabletops are making quite an advance. It is an ideal material for outdoor furniture because of its properties and with the wide choice of colour gradations and structures the possibilities are endless.

Ceramics is a mixture of natural materials that you can compare with a type of clay. Under very high temperatures this is baked, creating a light but very strong material that is extremely scratch resistant and can also withstand extreme temperatures. Putting a hot pan on a ceramic tabletop is no problem at all!

See our maintenance
products: page 86

LUCAS

lounge

Discover a wonderful balance of exquisite design and warm teak material. Follow the curves from the armrest to the front legs. Then discover a modern backrest and playful belts design under the seat. Lucas is a beautiful range of furniture that you just have to experience in real life.

WEATHER RESISTANT

OUTDOOR FABRICS

Our weather resistant cushions are crafted to withstand outdoor conditions all year-round, featuring a durable Olefin cover and filled with Dacron foam.

Olefin fabric is renowned for its resistance to fading, moisture, and mildew, making it an ideal choice for outdoor use in varying climates.

The Dacron foam filling provides excellent comfort and resilience, allowing the cushions to retain their shape even with regular use.

Together, these high-quality materials ensure that our cushions remain both comfortable and visually appealing, withstanding sun, rain, and temperature fluctuations with ease.

ICONS EXPLAINED

HANDCRAFTED ROPE

All of our rope materials have a polypropylene base or weave, assuring the rope remains taut. The cover is made of an acrylic fabric that is UV resistant, water repellent and has a comfortable feel. 4SO Rope contains no hazardous materials and can be fully recycled. We provide a 10-year guarantee on construction and manufacturing failures.

ALL WEATHER CUSHIONS

4 Seasons Outdoor furniture is durable and weather resistant, what about our cushions? All of our collections have cushions with an Olefin cover (mostly with a zipper) and an anti-mould foam inside. This Olefin fabric can withstand UV rays, temperature differences and dries fast. We do advise to cover your cushions to avoid stains caused by any other influences, and enjoy your 4SO furniture directly after a heavy shower.

ALUMINIUM

This weather-resistant material is suitable for outdoor use. Processing of this material is simple, which means that the application of aluminium is very diverse. You can find this lightweight material throughout our collection.

STAINLESS STEEL

A luxurious material with perfect outdoor abilities used in a wide range of 4SO furniture. Stainless steel is strong and slightly flexible, and we use a powder coated tube for sophisticated designs in many collections. Keep them in shape using 4SO cleaning and maintenance products.

CERAMIC

A number of popular tables at the moment are equipped with a ceramic tabletop. At first ceramics were more often thought of as (floor) tiles, kitchen tops and even pots or vases, but in furniture, ceramic tabletops are making quite an advance. It is an ideal material for outdoor furniture because of its properties and with the wide choice of colour gradations and structures the possibilities are endless

TEAK

In all 4 Seasons Outdoor ranges, when applied, we only use high quality Teak wood with an SVLK/ V-legal certificate. Teak hardwood has natural oils inside that make it withstand the weather conditions. The natural defense mechanism of Teak turns the outside to a light grey look, depending on the weather conditions it may take 3 - 12 months. We offer a wide range of 4SO maintenance products for cleaning and treating your Teak wood, finishing it in your preferred look!
