

KETTLER

A photograph of a modern outdoor furniture set by Kettler. The set includes a large L-shaped sofa with grey cushions, a rectangular coffee table, two ottomans, and two side tables. The furniture is made of a light-colored wicker material. Two tall, black, modern floor lamps with pleated shades are positioned on either side of the sofa. The setting is an outdoor patio with a wooden wall in the background and lush greenery.

Furniture exclusively designed for outdoor and indoor spaces.

Welcome to the 2023 collection

Welcome to the Kettler 2023 collection. There are some great additions for 2023 along with some popular favourites. Whether you are looking for traditional or modern, indoor or outdoor, you'll be sure to find your perfect combination. All our products are designed with comfort in mind, so you can make the most of dining or relaxing with friends and family.

Throughout this brochure you will see the following logos:

With the Kettler Casual Dining range of garden furniture, you can enjoy dining and relaxing in one beautiful set. Eat, drink, entertain, relax; with friends, with family; casual or formal. All in all, it's the most practical, beautiful and versatile set of furniture you'll ever buy.

Conventional Dining

Casual Dining

Coffee Table

Kettler furniture can be left outdoors all year round (excluding cushions), but for additional protection during the warmer months, protective covers are available. You can be ready to enjoy the sunshine in just a few minutes.

All of our products come with a comprehensive manufacturing fault warranty for your peace of mind.

Materials

Resin Wicker

Our durable resin wicker is weatherproof and needs almost no maintenance. The resin wicker is handwoven around a strong, aluminium frame.

Steel

Strong and durable are 2 key features making this an ideal material for garden furniture. Our mesh range of garden furniture has an enhanced Thermoguard coating 7 times thicker than standard paint.

Aluminium

Aluminium furniture is weatherproof, lightweight, and long-lasting. Some of our ranges also include durable textile sling, a material that moves to the contours of your body for comfort with no cushions needed.

Wood

We use both acacia and eucalyptus in our wood range of garden furniture. Both woods maintain their natural texture and beauty whilst being practical. Look for our FSC®-certified products sourced from responsibly managed forests.

Cushions

Our cushions are made for comfort and to look good year after year. However, to achieve this they need to be stored away when not in use. For many of our ranges we do offer protective covers.

We are proud to be
ecologically friendly with most
of the materials we use being
100% recyclable.
